

Sutton CE (VC) Primary School

Personal, Social, Health Education (PSHE) Policy

November 2022

This policy supports a whole school approach to PSHE and Citizenship (PSHCE) in the curriculum, and throughout the life of the school and its community. It is consistent with current legislative frameworks and non-statutory guidance.

1.1 Statutory Status of Relationships Education and Health Education

This policy takes account of the requirement that all schools with primary aged children must teach Relationships Education and Health Education* from September 2020. We will teach these two statutory subjects in the context of our wider Personal, Social, Health Education (PSHE) curriculum.

1.2 Wider Context

Our approach to the teaching of PSHCE supports our duties relating to <u>Keeping Children Safe in Education</u>, <u>Equality</u> <u>Act 2010</u>, SEND, promoting fundamental <u>British Values</u> and Spiritual, Moral, Social and Cultural (SMSC) development. It also supports us in meeting the standards set out by <u>OfSTED</u> in relation to 'Behaviour and Attitudes' and 'Personal Development'.

1.2.2 Duty to Promote Wellbeing

<u>The Education and Inspections Act 2006</u> places a requirement on schools to promote pupils' wellbeing (as defined in the <u>Children Act 2004</u>) as well as their academic achievement. It also includes a duty to support community cohesion. We are committed to promoting the health and wellbeing of children and of the whole school community, and fully recognise the significant connection between wellbeing and learning. PSHE is a significant part of our response to these duties.

1.2.3 National Curriculum

The National Curriculum states that all schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. It must also:

'promote the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and prepare pupils at the school for the opportunities, responsibilities and experiences of later life.'

1.2.4 Healthy Schools

We are committed to developing a 'Healthy School' climate and culture. This means that we place teaching and learning in the wider context of our approach to:

- Leadership, organisation and management and the management of change
- Inclusive policy development
- The school ethos, culture, environment, SMSC development, and positive relationships throughout the school
- Learning and teaching, curriculum planning and resourcing
- Giving children a voice
- Provision of and signposting to support services for children
- Staff health and wellbeing and their continuing professional development (CPD)
- Partnership with parents/carers, the local community, external agencies and volunteers to support pupil health and wellbeing
- Assessing, recording, monitoring and celebrating outcomes.

1.3 Our beliefs about PSHE

We believe that PSHE has the power to enhance the health and wellbeing of all children, their families and the whole school community. It has a positive influence on the ethos, learning and relationships throughout the school. It is central to our values and to achieving our school's aims.

PSHE helps children to develop the knowledge, understanding, skills and attitudes they need to live confident, healthy, independent lives, now and in the future, as individuals, citizens, workers and parents. It is embedded within wider

learning to ensure that children learn to develop resilience and healthy relationship skills, which they will practise and see enacted in the school environment.

1.4 Defining PSHE

We use 'Personal, Social, Health Education' (PSHE) as an umbrella term for all aspects of practice and learning in our school associated with wellbeing and health. A significant part of our PSHE provision will be accessed through the planned, taught curriculum. Our PSHE curriculum is supported by whole school enrichment activities, examples of this can be seen in our Wellbeing weeks, such as our RISK week, where children learnt how to take safe risks.

Many aspects of our PSHE provision are statutory from Sept 2020, as part of Relationships Education and Health Education. However, there are other areas which we consider important for our children e.g. Road Safety and Financial Education. These areas are not statutory, but we will teach them in the wider context of our PSHCE provision to meet the needs of our children.

We do not seek to teach Relationships Education and Health Education as separate subjects, but integrated through the topics we cover in our broader PSHCE programme.

1.5 Intent of our PSHE Curriculum

Our aims for PSHE are:

- To enhance skills for communication, empathy and healthy relationships which underpin both success in learning and positive relationships
- To support the development of resilience, self-esteem, self-efficacy and aspiration
- To offer accurate and relevant knowledge to support decisions about personal wellbeing and health
- To explore the relevance of knowledge for personal situations and decision making
- To offer opportunities to explore, clarify and if necessary challenge, their own and others' values, attitudes, beliefs, rights and responsibilities
- To offer the skills and strategies they need in order to live healthy, safe, fulfilling, responsible and balanced lives.

2. Implementing Policy

2.1 School Aims and Values

This PSHE policy is set within the wider context of the school's vision. Our vision as a Church of England school places Christian values at the heart of everything we do. The values are encapsulated in the acronym STRIVE - 'Safety, Togetherness, Respect, Integrity, Valued and Excellence'. As a school community, we aim to serve one another and work together for the common good, so that everyone can experience life in all its fullness. (John 10:10).

The parable of the mustard seed (Mark 4:30-32) can represent our children, who are nurtured here, and enabled to live life in its fullness through our teaching and care. It can also represent our school flourishing within our community and the community connecting to our diverse world.

Safety is aimed for as:

- We promote a healthy, safe and caring environment for all pupils and staff.
- We provide sufficient information and support to enable our pupils to make safer choices.

Togetherness, Respect, Valued and Integrity is aimed for:

- We provide a broad and balanced curriculum for all our pupils, which recognises and values their diverse backgrounds and needs.
- We promote pupils' self-esteem and emotional wellbeing and help them to form and maintain worthwhile and satisfying relationships, based on respect for themselves and for others at home, school, work and in the community.

- We help our pupils to learn to respect themselves and others and move safely from childhood, through adolescence, into adulthood.
- We create a wider awareness of religious, cultural and moral values and respect for different ethnic groups, religious beliefs and ways of life within a Christian framework.
- We promote an inclusive ethos and a culture of mutual respect where diversity and difference are recognised, appreciated and celebrated.

We aim to ensure our children feel valued and demonstrate excellence as:

- We prepare our pupils to engage with the challenges of adult life confidently.
- We provide pupils, through an enriched curriculum, with opportunities to develop the necessary skills to manage their lives effectively.
- We work in partnership with parents and carers, and with the wider community, to support children in all aspects of their wellbeing.

2.3 Related Policies

This policy acts as an overarching policy for theme-specific policies and guidance in the following areas: *Anti-bullying, RSE, Drug Education, Healthy Eating and Physical Education.* These policies include more detailed explanation of how these themes will be delivered.

It is also linked to and is delivered in the context of the following policies: *Relationships Education, Health Education, Behaviour, Safeguarding, Anti-bullying, SEN/Inclusion, Equality and Diversity, Health and Safety, ICT/Computing (including E-safety & Acceptable Use policy), Science.*

2.4 Implementing Our PSHE Curriculum

Our PSHE (which is also covered through the taught curriculum and our wider provision) includes teaching and learning within the following strands and themes:

Myself and My Relationships: including My Emotions, Beginning and Belonging, Anti-bullying, Family and Friends and Managing Change.

Healthy and Safer Lifestyles: including Personal Safety, Digital Lifestyles, Drug Education, Relationships and Sex Education, Healthy Lifestyles and Managing Safety and Risk (including Road Safety).

Citizenship: including Diversity and Communities, Rights, Rules and Responsibilities and Working Together.

Economic Wellbeing: including Financial Capability.

2.5 Inclusion, Equality and Diversity

We promote the needs and interests of all pupils, inclusive of gender, culture, ability and aptitude. Our approaches to teaching and learning take into account the ability, age, readiness and cultural backgrounds of the children to ensure that all can access the PSHE curriculum.

In relation to those with special educational needs, we will review our PSHE programme to ensure that appropriate provision is made. When working with children with additional needs we consider:

- their level of vulnerability
- their need to develop assertiveness and their sense of self
- the need to involve all staff and carers in policy development, planning and training
- the need for a range of approaches to teaching and learning to ensure they are genuinely inclusive
- sources of support for pupils.

In relation to ethnicity, religion and cultural diversity, we value the different backgrounds of our children and, in acknowledging and exploring different views and beliefs, seek to promote respect and understanding.

We are particularly aware of our duties under the Equalities Act and will ensure that all children with protected characteristics, or whose family members may have protected characteristics, see themselves reflected in our PSHCE provision. We will achieve this by careful selection of teaching resources, case studies and children's fiction.

The protected characteristics are: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

We recognise that PSHE is a prime location for proactive teaching of skills relating to empathy, acceptance and respect for diversity.

We promote social learning and expect our pupils to show a high regard for the needs of others. PSHE is an important vehicle for addressing both cultural and gender issues and for promoting equal opportunities and access for all.

2.6 Confidentiality and Safeguarding

The delivery of high quality PSHE supports us in delivering our statutory duties relating to Safeguarding. We recognise that many areas of PSHE will prompt children to reflect on their own families, relationships and personal experiences. We know that, for some children, this will highlight disparities which may cause them to seek help from trusted adults in school.

Staff will build safe learning environments through the creation of Ground Rules specific to PSHE. Staff will use distancing techniques such as puppets, case studies and children's fiction to make direct talk about home circumstances less likely in a whole class teaching situation.

Adults will ensure that children understand what adults (and their peers) may and may not keep confidential.

If visitors are working in a classroom or other teaching situation, they will follow the school's policies/guidance on confidentiality and on safeguarding, and other relevant school policies.

All staff are aware of the Safeguarding and Child Protection procedures and will report disclosures or concerns to the Designated Safeguarding Lead (DSL) immediately.

3. Curriculum Organisation

The DfE guidance for Relationships Education and Health Education require that the curriculum is organised in such a way that:

- 'Effective teaching ...will ensure the core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way within a planned programme of lessons.'
- 'Opportunities to practise applying and embedding new knowledge so that it can be used confidently and skillfully in real life situations.'

We recognise the increased importance of PSHCE within our timetable, now that Relationships Education and Health Education have become statutory. We will ensure that it has equal status with other foundation subjects in the curriculum.

Children receive their entitlement for learning in PSHE through a progressive, spiral curriculum. Our PSHCE programme is delivered through a variety of opportunities for children of all ages, including:

- designated timetabled lessons in PSHE
- subjects across the curriculum, e.g. science, literacy, RE, Design Technology
- enrichment weeks/days, e.g. Anti-bullying week, Health week,
- visitors, e.g. atheletes, dental nurse,
- residential and day visits, e.g. Year 6 residential, visit to Cambridge mosque
- Collective worship centred round our school's values
- small group interventions, e.g. social skills groups.

We recognise that PSHE is best taught by adults who know our children well. PSHE will primarily be taught by the class teacher, supported by other members of staff where appropriate.

3.1 Teaching Methodologies

In order to address the 'active learning triangle' of knowledge, skills and attitudes, a wide range of methodology is used in teaching the PSHE curriculum. The focus is on interactive learning, and approaches include: *Circle Time, whole class discussion, social skills games and activities, working in pairs/groups, brainstorming, drama and role play, use of puppets, use of story and picture books and use of technology*. Many of these approaches also act as distancing techniques, enabling children to discuss issues without discussing personal experience.

Many of the methodologies we use in PSHE will also be employed in other areas of the curriculum to further develop communication, group work and debating skills.

Ground Rules

PSHE is taught in a safe, non-judgemental environment where adults and children are confident that they will be respected. Teachers and children together develop ground rules, which ensure that every child feels safe and is able to learn in a supportive and caring environment.

Answering Questions

We acknowledge that sensitive issues will arise in PSHE, as children will naturally share information and ask questions. When spontaneous discussion arises, it will be guided in a way that reflects the stated school aims and curriculum content for PSHE. If a member of staff is uncertain about the answer to a question, or indeed whether they should answer it, they will seek guidance from the PSHE leader. Questions may be referred to parents/carers if it is not appropriate to answer them in school. We may use a 'Worry Monster' or 'Question box', where questions may be asked anonymously or named.

When answering questions, we ensure that sharing personal information by adults, pupils or their families is discouraged. Where a question or comment from a pupil in the classroom indicates the possibility of abuse or risk of harm, teachers will pass this information to the Designated Safeguarding Lead (DSL), in line with school policy and procedures.

Further information about how we will answer questions about aspects of PSHE such as RSE can be found in the specific policies for that area.

3.2 Curriculum Materials and Resources

We use primarily the Cambridgeshire Primary Personal Development Programme and the resources recommended within it when planning and delivering PSHE.

We will avoid a 'resource-led' approach to delivering PSHE, instead focusing on the needs of the children and our planned learning objectives. We will carefully select resources which meet these objectives. We will evaluate teacher resources before using them.

When PSHE-related resources are being used within other subject areas the same criteria are applied. This also applies to online resources, such as the use of websites and presentations.

We will use children's books, both fiction and non-fiction, extensively within our PSHCE programme. The same selection criteria apply, and teachers will always read and assess the books before using them to ensure they are appropriate for the planned work. They will also consider the needs and circumstances of individual children in the class when reading texts.

The key texts we use are listed within the Cambridgeshire PDP Units of Work.

3.3 Assessment, Recording, Reporting

We assess children's learning in PSHE in line with approaches used in the rest of the curriculum. Children's learning is planned using learning objectives which are explained to the children, and we may negotiate success criteria with them at the start of each topic. Teachers draw on their observation of children's learning and children's self-assessment to arrive at their overall assessments.

We will use the tools for children's self-assessment where appropriate. Children are supported to participate in this process appropriately for their age and ability.

We record children's work in PSHE in a class book with photos and children's reflections. At the end of each unit, teachers update Pupil Asset with whether the child is at age related, below or at greater depth – using the assessment descriptions provided for each unit. Summaries of assessment information are used to assess children's learning against the DfE statements, in line with national guidance for Relationships Education and Health Education.

We report to parents/carers at the end of the school year on children's learning and progress within PSHE.

4. Monitoring the Impact

4.1 The Process for Development and Review

This policy has been drawn up in consultation with all staff, parents/carers, children, and governors

We are committed to the ongoing development of PSHE in our school. We will use the following indicators to monitor and evaluate our progress:

- A co-ordinated and consistent approach to curriculum delivery has been adopted.
- A flexible approach to delivering PSHCE that responds to children's needs (identified through consultation, research or observation) is in place.
- Children are receiving an entitlement curriculum for PSHE in line with statutory requirements and the Cambridgeshire Personal Development Programme.
- There are clearly identified learning objectives for all PSHE activities, and children's learning is assessed using both formative and summative approaches.
- Opportunities for cross-curricular approaches are being used where appropriate.
- The impact of training for staff and governors is evaluated.
- Policy and practice is reviewed regularly and involves staff, governors and, where appropriate, children.
- Opportunities are provided for parents/carers and members of our community to consider the purpose and nature of our PSHCE, for example, through parent/carer information sessions.
- A variety of methods are employed to communicate the key points of the policy and curriculum to the community.
- Our website reflects our provision in PSHE.

The PSHE leader/Deputy HeadTeacher is responsible for overseeing and reviewing this policy.

The Policy will be reviewed every 3 years, or sooner if there are significant changes or circumstances necessitate a review.

4.2 Location and Dissemination

This policy document is freely available on request to the entire school community.

A copy of the policy can be found on the school website/in the staff share drive.

5 Appendices

5.1 Our School Long Term Plan for PSHE over page.

PSHE 2021 - 2022 PSHE Overview

| | Autumn 1 | Autumn 2 | Spring 1 | Spring 2 | Summer 1 | Summer 2 |
|--------------|------------------------------------|--------------------|-----------------------------|---------------------------|---|-----------------|
| EYFS | Beginning and Belonging | Healthy lifestyles | Identities and Diversity | My Body and Growing up | Keeping safe inc drug education | Managing Change |
| Year 1 and 2 | Rights, rules and responsibilities | Personal safety | Diversity and communities | SRE | Managing risks and safety contexts and digital lifestyles | Managing Change |
| Year 3/4 | Rights, rules and responsibilities | Personal safety | Diversity and communities | SRE | Managing risks and safety contexts and digital lifestyles | Managing Change |
| Year 4/5 | | | | | | |
| Year 5 and 6 | Rights, rules and responsibilities | Personal safety | Diversity and communities | SRE | Managing risks and safety contexts and digital lifestyles | Managing Change |

| | Autumn 1 | Autumn 2 | Spring 1 | Spring 2 | Summer 1 | Summer 2 |
|--------------|----------------------------|--|-------------|---------------------------|------------------------------------|--|
| EYFS | Beginning and Belonging | Family and friends inc antibullying | My Emotions | My Body and Growing up | Keeping safe inc drug education | Healthy Lifestyles and digital lifestyles |
| Year 1 and 2 | Beginning and Belonging | Antibullying | My Emotions | SRE | Drug Education | Healthy Lifestyles and digital lifestyles |
| Year 3/4 | Beginning and Belonging | Antibullying | My Emotions | SRE | Drug Education | Healthy Lifestyles and digital lifestyles |
| Year 4/5 | | | | | | |
| Year 5 and 6 | Beginning and Belonging | Antibullying | My emotions | SRE | Drug Education | Healthy Lifestyles and digital lifestyles |
